Kirsten/Schleuniger K700 and K710 Stripper/Crimper Machines

Used In These
Machines

Kirsten
K700 ASC
K710 ASC

The Kirsten/Schleuniger K700 ASC and K710 ASC Machines use a single set of "Universal" Stripping Blades to remove the insulation from the end of a wire. Mechtrix blades for the Kirsten K700 and 710 Series Machines are made to precision standards from a specially selected tool steel to insure optimum performance and blade life and are produced using state-of-the-art manufacturing techniques.

In addition to the "Universal" Stripping Blades, Mechtrix also offers both our patented M-Series and Full Radius stripping form geometries for processing difficult insulations in the K700 and K710 Series Machines. Please contact Mechtrix for assistance in selecting the appropriate style and size blade for your particular application.

Kirsten K700 and K710 Stripper/Crimper Blades
