

Komax Tooling

Komax 206 and Iota 330 Cut-off Blades

Used In These Machines

Komax 206
Komax Iota 330

The Komax 206 and Komax Iota 330 Machines use a single set of Cut-off Blades to cut material to length. Mechtrix blades for the Komax 206 and Iota 330 Machines are made to precision standards from a specially selected tool steel to insure optimum performance and blade life. State-of-the-art manufacturing techniques are combined with Mechtrix patented technology to create superior cutting edge strength and durability.
